

Peggy SAR statement from Fran Pearson, Independent Chair of Newham Safeguarding Adults Board.

January 2021

**“Peggy’s tragic and untimely death has had a deep and lasting impact on all who knew and cared for her, and my thoughts remain with everyone affected and still grieving.**

**“We have reflected in depth on the findings and questions presented in the Safeguarding Adults Review and have already made a number of improvements to our ways of working.**

**“Myself and all members of the Newham Safeguarding Adults Board are committed to a culture of ongoing professional challenge, learning and improvement to enable us to understand where changes can and should be made – and to ensure that we are able to offer the best and most appropriate support to those we come into contact with.”**
