

NEWHAM WEEKLY COVID-19 STATISTICS

Updated: 3 February for period 24 - 30 January

www.newham.gov.uk/coviddashboard

WHAT DOES THIS MEAN?

The number of new cases of Covid-19 in Newham has continued to fall (by 42%) and across London. Positivity rates have also fallen, both of which are really good news. However, as cases have fallen, so has the testing.

But community transmission continues and the new strain of Covid-19 is highly transmissible. Further rapid testing is available across Newham for anyone who needs to leave home for work or caring.

The NHS still remains under major pressure. Please protect yourself and your loved ones:

- Absolutely limit your contact with other households.
- Please ensure your face is covered when going to shops or other indoor places.
- If you have been invited for a vaccination please take it up and if you know someone who needs support to get a vaccine please help them to do so.

Jason Strelitz
Director of Public Health
London Borough of Newham
3 February 2021
