Dated : 14/04/2021
(date the notice was placed which must be the same date as the date of application)

3.4 Give a brief description of the types of chairs, tables and barriers that will be used on the Highway including the numbers and what they are made of and their colours.

Wooden Stacking Chairs

Folding table

Black Canvas Barriers

3.5 Give details of the toilet and hygiene facilities that will be provide for persons using the area, including the location of the facilities and their numbers.

One toilet is available within the premises. The toilet is kept regularly clean and is fully equipped with hygiene facilities including liquid handwash, sanitiser and hand dryer. Hand sanitation stations are also available at the entrance and till point.

3.6 What provision you have made for smoking and non-smoking areas for seating.

Smoking will be restricted to the designated area (signage to advise).

3.7 Give details of the steps that you will be taking to ensure that the use of the highway does not cause a public nuisance to either nearby residents/businesses or passers-by. This should include preventative measures to stop noise nuisance that may be caused by patrons using the premises or arriving at or leaving the premises in particular at night.

The following measures will be put into place to ensure that we are promoting the public interest.

- Clearly visible signage will be placed throughout the seating area reminding customers to respect the neighbourhood and warning of the consequences of antisocial behaviour.
- The area will be monitored by CCTV and signage will advise customers of this.
- Appropriate space will be left on the public footpath to ensure that the thoroughfare is not blocked to those with mobility requirements.
- The area will be continuously monitored by the restaurant staff for noise levels and customers will be reminded to be respectful of the residents, businesses and passers-by.
- The area will be cordoned off to ensure that it can be properly monitored and managed. This will also reduce the risk of creating confusion for passers-by.
- Music will not be played outside the restaurant premises.

3.8 Give details of the steps that you will be taking to ensure that the use of the highway does not cause or attract anti-social behaviour, crime or disorder in the vicinity (e.g. groups of people attracted by the operation gathering immediately outside the land and causing problems).

The area will be cordoned off to increase the ease with which it can be managed by the restaurant staff. The area will be regularly monitored by the restaurant staff so that any potential risks can be managed before they develop into problems.

Appropriate relationships with local neighbourhood will be managed and maintained to ensure that any concerns raised by the locality can be brought to our attention as soon as possible.

The area will be monitored by CCTV, which will be available to police upon request. Signage to this effect will be displayed clearly.

3.9. What arrangements will be made for the regular collection of any litter or other rubbish in the vicinity of the area that have been caused by the business?

The surrounding area will be monitored on hourly basis to check and collect any litter caused by the premises.

3.10 How often will the tables and the land be cleaned of plates, drinking vessels and other utensils, waste, rubbish etc.?

Tables, chairs and the land will be cleaned of all utensils, sanitised and cleared of rubbish, between each customer. A member of staff will supervise the area at all times it is in use. Food and drink will be delivered by a member of the restaurant staff and it is their responsibility to ensure that empty vessels, plates, cutlery, napkins etc are cleared away promptly. Extra measures will also be put in place to check the area on an hourly basis to ensure that anything that may have blown away or fallen to the floor is retrieved.

3.11 What arrangements will be made for the storage and collection of any litter, waste, rubbish etc.?

Food Waste and litter will be stored in the commercial bins and will be collected on daily basis.

3.12 What, if any arrangements or measures have you considered/put in place to reduce the risk to customers from vehicle incursions and social distancing?

Appropriate distance have been left between the seating area and the main road. This seating area will be cordoned off with canvas barrier as to alert the vehicles and passers-by to the area.

Also, Measurements have been taken to ensure that the seating area does not result in restrictions for users of wheelchairs or pushchairs.

3.13 Please give any other information which you believe will be of assistance to the Council in its consideration of the application

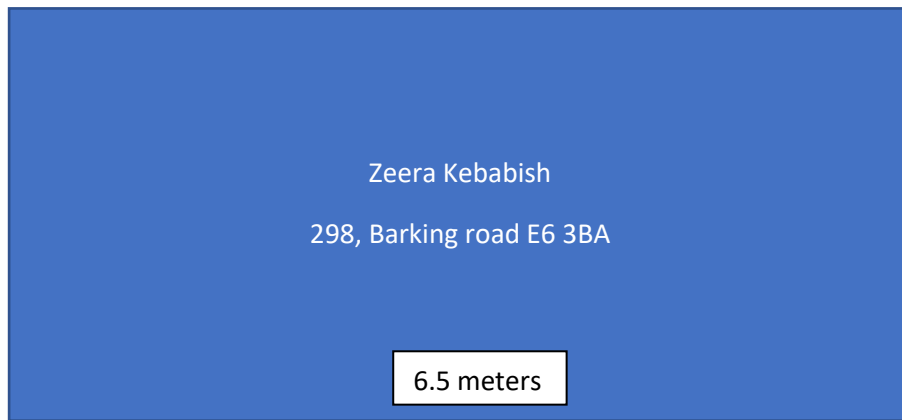

We hope that the placement of an outdoor seating area, together with pro-active management will improve the area for the local community and encourage community cohesion through food and drink. We continue to welcome the input and collaboration of the council/ licencing authorities.

3.14 Please supply a plan clearly showing the proposed area covered by the licence in relation to the highway, if not to scale, with measurements clearly shown. The plan must show the positions and number of the proposed tables and chairs, together with any other items that the applicant wishes to place on the highway. The plan shall include clear measurements of, for example, pathway width/length, building width and any other fixed item in the proposed area.

3.15 a risk assessment demonstrating how the applicant will manage social distancing and the conflict between pedestrians using the footway, those using the tables and those queuing to access the premises,

Risk	Rating before mitigation measures	Mitigation Measures (Plan)	Rating after mitigation measures	Additional measures
Social distancing: Blocking the foot path	Medium	Appropriate space will be left on the pavement for pedestrians and wheelchair users. The seating area will be clearly cordoned off to avoid 'creeping' beyond agreed boundaries. Queue management as described below.	Low	Buggy users will be offered highchairs so that prams can be folded and stored- thereby reducing space used by customers
Queue management	Medium	Operate booking system to reduce queues. Includes taking contact of 'walk ins' who will be contacted when tables are free. Queuing will be discouraged, and staff will disperse crowds.	Low	Pre-booking options including over the phone will be offered and advertised.
Litter	Medium	Monitoring throughout day. Hourly standards checks. Between each customer group tables will be cleared, cleaned and sanitised. Floors will be checked and swept as required. Waste collected and stored on premises until daily collection. Records kept and checked by management daily.	Low	Hourly checks on immediate surrounding areas to ensure that the waste has been removed from the surrounding areas.
Smoking	Medium	Smoking will be restricted to the designated area (signage to advise). Staff will also inform customers of this upon booking.	Low	Signage to advise

Noise	Medium	Music will not be played outside the restaurant premises. Signage will be provided reminding customers to maintain low noise levels. Staff will monitor and remind customers of requirement to reduce noise.	Low	Disruptive customers will not be offered access and will be told politely to leave the premises.
