

NEWHAM WEEKLY COVID-19 STATISTICS

Updated: 5th May for period 25th to 1st May 2021

www.newham.gov.uk/coviddashboard

WHAT DOES THIS MEAN?

The number of new Covid-19 cases has fallen further this week to 64 (there may be a small reporting delay after the bank holiday). Testing is unchanged, with another small fall in positivity. 120,106 first dose and 34,747 second dose vaccines have been given (up to 3rd May).

It's vital that everyone currently eligible gets a vaccine when offered; getting vaccinated protects the whole community and not just yourself. Book yours at www.newham.gov.uk/bookyourvaccine

Community transmission of Covid-19 remains a risk so it is important to:

- Test yourself regularly, even if vaccinated: www.newham.gov.uk/rapidtesting www.newham.gov.uk/hometesting
- Wear a face mask when around others or when in indoor places.
- Ensure you isolate if you have symptoms, test positive or are a contact. Support is available.
