

Employing council

<b>Job Title</b>	<b>Assistant Director – Capability</b>
<b>Grade</b>	<b>Havering 12, Newham SMRD,</b>
<b>Location</b>	<b>Newham, Havering. The post holder must be flexible and work across council sites</b>

Accountable to	Chief Information Officer
Line management responsibility for	16-49 staff
Job Purpose:	<ul style="list-style-type: none"><li>• To be responsible for building long-term, strategic relationships with the most senior stakeholders in partner authorities and to act as a senior point of contact for strategic partnership relationships with one source IT.</li><li>• To lead the development and enhancement of services, products and systems, and to oversee the management and planning of business opportunities in key cross-cutting functional/product areas (e.g. Corporate, People and Place).</li><li>• To lead developing trusting partnership relationships and a deep knowledge of business challenges, opportunities and direction. To develop and nurture these relationships to allow for more joining-up of cross-borough and cross-service cost saving opportunities.</li><li>• To work with the Chief Information Officer and other members of the one source IT senior leadership team to define, implement and communicate the strategies and plans that support the strategic requirements across the authorities.</li><li>• To explore possibilities for new/high value new ways of conducting business including establishing new services or businesses.</li><li>• To lead the IT function into a new way of working, collaborating and enabling the delivery of outcomes.</li><li>• To lead, develop and professionalise the technical and non-technical capabilities required for a modern 21st century IT organization.</li></ul>

## Accountabilities and outcomes

### Relationship management

1. Initiate and influence relationships with and between key stakeholders, in business change design, management and implementation, acting as a primary point of contact for senior stakeholders, planners, designers and operational business partners.
2. Lead, identify and respond to opportunities for providing products and services to the partner organisations. Negotiate at a senior level on technical and commercial issues, to ensure that customers, suppliers and other stakeholders understand and agree what will meet their needs, and that appropriate agreements are defined and put in place.
3. Manage colleagues in their dealings with partners, and initiate procedures to improve service to and relationships with partners.
4. Ensure that stakeholders understand available one source IT services, and promote financial and commercial awareness in order to deliver value-for-money.
5. Conduct analysis of demand for services and influence stakeholders to ensure that the necessary investments are made to deliver required services. Manage and be accountable for the level of partner satisfaction.
6. Be accountable for one source IT relationships ensuring all stakeholders and other participants are aligned.

### IT Strategy and planning

7. Work together with the Chief Information Officer and other members of the one source IT senior leadership team to exploit new approaches, proposals and technologies in order to deliver strategic outcomes.
8. Lead the enterprise, solution, technical and data architecture practices.
9. Design and execute technology roadmaps for partner boroughs, including working across councils to fragment and join different roadmaps with multiple dependencies.
10. Assess and improve the carbon footprint of our technology estate
11. Use open-source, cloud-based, loosely-coupled technologies to make sure our technology remains nimble and easily iterated upon. Ensure services are built upon APIs wherever possible, including influencing towards these approaches in outsourced systems.
12. Maintain an understanding of the current technology and data estate and operations, and leading on the enterprise architecture objectives and constraints.
13. Working closely with the one source IT leadership team to provide the capabilities (people/roles/skills/technologies) required to deliver

Specific  
Responsibilities

	<p>organizational outcomes taking account of the budgetary and other constraints in delivering successfully</p> <p><b>Service delivery</b></p> <p>14. Introduce performance reporting for services built or run by the team; define success criteria; build user-driven metrics that prove value; automate reporting wherever possible.</p> <p>15. Lead the introduction of service standards at the partner councils, using the cross-government service standards. Use them not as a barrier but as a way to get better together; undertake and receive peer reviews from other local authorities and central government.</p> <p>16. Ensure that all services that you lead meet user need.</p> <p>17. Ensure that all services that you lead pass the GDS service standard or equivalent peer review.</p> <p>18. Source and manage external technology and delivery partners; be responsible for negotiation of major contracts, including changes; consolidate contracts wherever possible, making savings whilst protecting service levels. (e.g. greater use of commodity or cloud services)</p> <p><b>Innovation</b></p> <p>19. Maintain up-to-date knowledge of emerging technology trends and developments in the global Technology, Digital and Data sectors, seeking to identify where technology might be deployed in order to deliver outcomes.</p> <p>20. Carry out analysis at a strategic level, and develop business proposals to exploit technology in line with the organisations' missions, objectives and strategies.</p> <p>21. Participate in strategic groups and facilitate focus groups and other 'ideas generators' to stimulate the creation of ideas among colleagues and staff.</p> <p>22. Work with service strategists and innovators to help them understand the opportunities that technology and data can provide.</p> <p>23. Influence and brief senior leadership and promote alignment of appropriate technology capabilities with business opportunities.</p>
<p>General</p>	<ul style="list-style-type: none"> <li>• One Source is committed to and champions equality and diversity in all aspects of employment and service provision. All employees are expected to understand and promote this approach in their work.</li> <li>• Adherence to Health and Safety requirements and proper risk management is required from all employees in so far as is relevant to their role. All employees are expected to understand and promote good health and safety practices and manage risks appropriately</li> <li>• Deal with any Safeguarding issues that might arise, in line with the Council's policies and procedures.</li> </ul>

	<ul style="list-style-type: none"><li>• Comply with Health and Safety Regulations associated with your employment.</li><li>• Be aware of the council's responsibilities under the Data Protection Act 1984 for the security, accuracy and relevance of all personal data held on such systems and ensure that all processes comply with this.</li><li>• To treat all information acquired through your employment, both formally and informally, in strict confidence.</li></ul>

## Having Competencies (Not applicable to Newham posts)

### Competency Profile

Competencies are a set of descriptions of personal behaviours required by people in their workplace. The 7 competencies describe essential behaviours that everyone is expected to display and observe.

The 7 competencies each have 4 levels that reflect the different levels that employees would be expected to work to.

It is expected that there will be 4 competencies assigned that the employee is expected to demonstrate (for Senior posts it is likely there will be 5 or 6 competencies). One of the competencies expected to be included will be Respecting Others.

Select from the [Competency Framework](#) the required competencies and associated levels (A-D) based on the role needs (level A will generally reflect an employee working in a support role, level D generally reflects those working at a very strategic level).

Complete the table below with the competencies and levels selected. Include the descriptive for the selected level (cut and paste).

<b>Management Competencies</b>		
<b>Competency</b>	<b>Level</b>	<b>Criteria to be Evidenced (Description)</b>
Driving Performance	3	<ul style="list-style-type: none"> <li>• Looks at data with a strategic eye and translates data and feedback into performance-oriented actions</li> <li>• Encourages actions and action-focused approaches</li> <li>• Translates strategic visions into realistic plans to drive performance</li> <li>• Works proactively with other departments to create an environment that fosters performance</li> <li>• Creates a performance management culture focused on achieving key objectives</li> </ul> <p>Lead, develop and empower staff to provide a seamless service delivery</p>
Motivating Others	3	<ul style="list-style-type: none"> <li>• Creates and implements a vision where different motivators are accepted and sustained</li> <li>• Has a good overview and is able to use differences in working cultures across services and organisations</li> <li>• Demonstrates effective leadership in promoting motivational approaches</li> <li>• Works with managers and staff to develop new initiatives that address motivational issues in the organisation</li> </ul>
Operational Management	3	<ul style="list-style-type: none"> <li>• Identifies opportunities in local, regional and national activity, and secures external funding</li> <li>• Looks ahead and actively seeks to plan according to strategic changes</li> <li>• Uses information to anticipate service planning and operational management</li> <li>• Links budget to outcomes as well as corporate goals – e.g.: MTFS (Medium Term Financial Strategy)</li> <li>• Drives continuous improvement</li> <li>• Uses the information systems in place to measure performance against service and organisational targets</li> </ul>

Working Together	3	<ul style="list-style-type: none"> <li>• Finds best strategic partners to deliver priorities</li> <li>• Maintains current relationships and strategically creates the context for new ones</li> <li>• Breaks down barriers between partners, e.g. buildings, technology, and culture</li> <li>• Takes a proactive role in promoting and strengthening partnerships in the public, private and voluntary sectors</li> <li>• Convenes partnership meetings to decide which is the best way of delivering services</li> </ul>
