

NEWHAM WEEKLY COVID-19 STATISTICS

Updated: 23rd Feb for period 13th Feb to 19th Feb 2022

WHAT DOES THIS MEAN?

The number of new COVID-19 cases fell this week with 1,022 cases. Testing also decreased.

242,994 first doses, 216,832 second doses, and 126,180 third dose/booster vaccines have now been given (up to 23rd Feb).

Case rates are falling in Newham and nationally but please continue to get tested and get the vaccine when offered.

Getting vaccinated protects your loved ones and not just yourself. Book yours at:

www.newham.gov.uk/bookyourvaccine

The government have announced the Living with COVID-19 Strategy. See the latest guidance here:

<https://www.newham.gov.uk/coronavirus-covid-19/covid-19-latest-guidance>

Community transmission of COVID-19 remains widespread so it is important to test yourself regularly, even if vaccinated:

www.newham.gov.uk/rapidtesting

Isolate if you have symptoms or test positive. Support is available.
