

PAYROLL PROVIDERS

If you have decided to employ a personal assistant, we recommend you use a payroll company to calculate your employee's tax, national insurance and pension contributions for you.

The cost of this will be paid to you as part of your direct payment if you qualify for financial support from the Council towards the cost of your care.

The payroll providers below specialise in supporting people with direct payments.

They offer different levels of service from a basic service providing payslips only, to a fully managed

service where they will look after your direct payment funds for you.

The Council is not recommending any payroll provider. You are advised to do your own research and choose a provider you think is right for you

Our Direct Payments team will support you to find the right payroll provider for you and the service level you feel is best suited to you.

Please click on each payroll providers name to access their service.

Employers Liability Insurance

If you have decided to employ a personal assistant, you will need to ensure you have employer's liability insurance cover.

The cost of this will be paid to you as part of your direct payment if you qualify for financial support from the Council towards the cost of your care.

The following insurance providers specialise in supporting people with direct payments.

They offer different levels of insurance cover and our Direct Payments team will support you to find the right cover for you.

The Council is not recommending any insurance provider. You are advised to do your own research and choose a provider you think is right for you

Please click on each insurance providers name to access their service.
