## WATER LANE CROSSING

### Share your views on street improvements

The Council is seeking your views on the introduction of a crossing point on Water Lane E15 so people walking, cycling and wheeling can safely travel across this street.

# Water Lane crossing

## The proposal

The Council is committed to creating more people-friendly streets to make it easier and safer for everyone in Newham to get around using greener modes of transport.

As part of this plan, Low Traffic Neighbourhoods in the Manbey and Atherton areas have been introduced.

The next step is to implement street improvements to encourage people to walk, cycle and wheel.

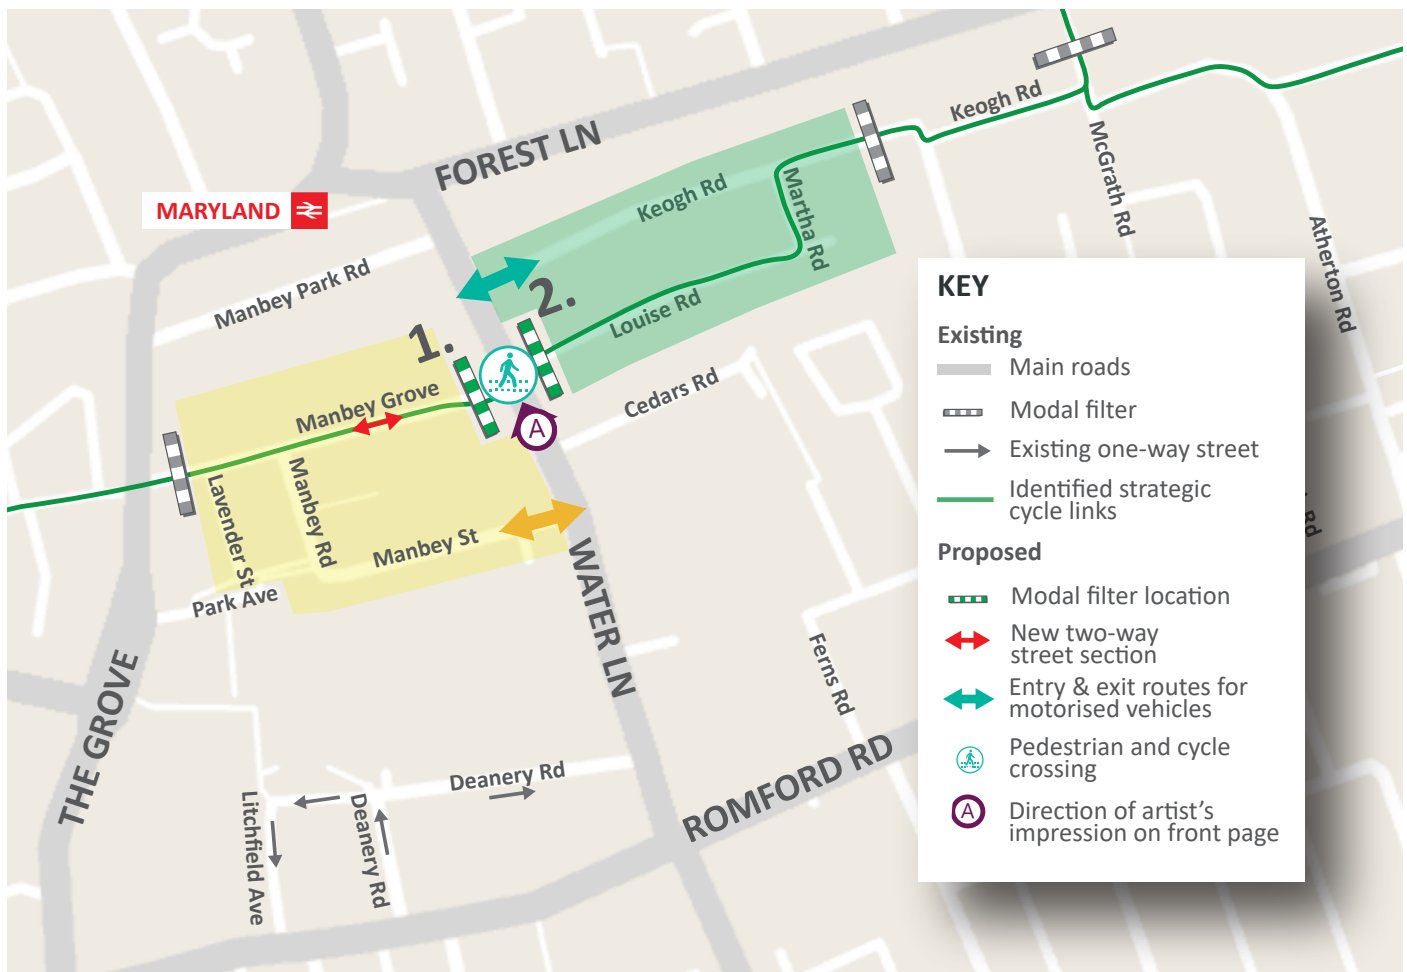

The feedback from the initial Low Traffic Neighbourhood survey included the request for a safer and easier way for people to cross Water Lane.

Based on your feedback, the Council is proposing to introduce a crossing on Water Lane, between Louise Road and Manbey Grove.

The crossing will feature a dedicated cycle path to connect the popular cycle route which runs through the area.

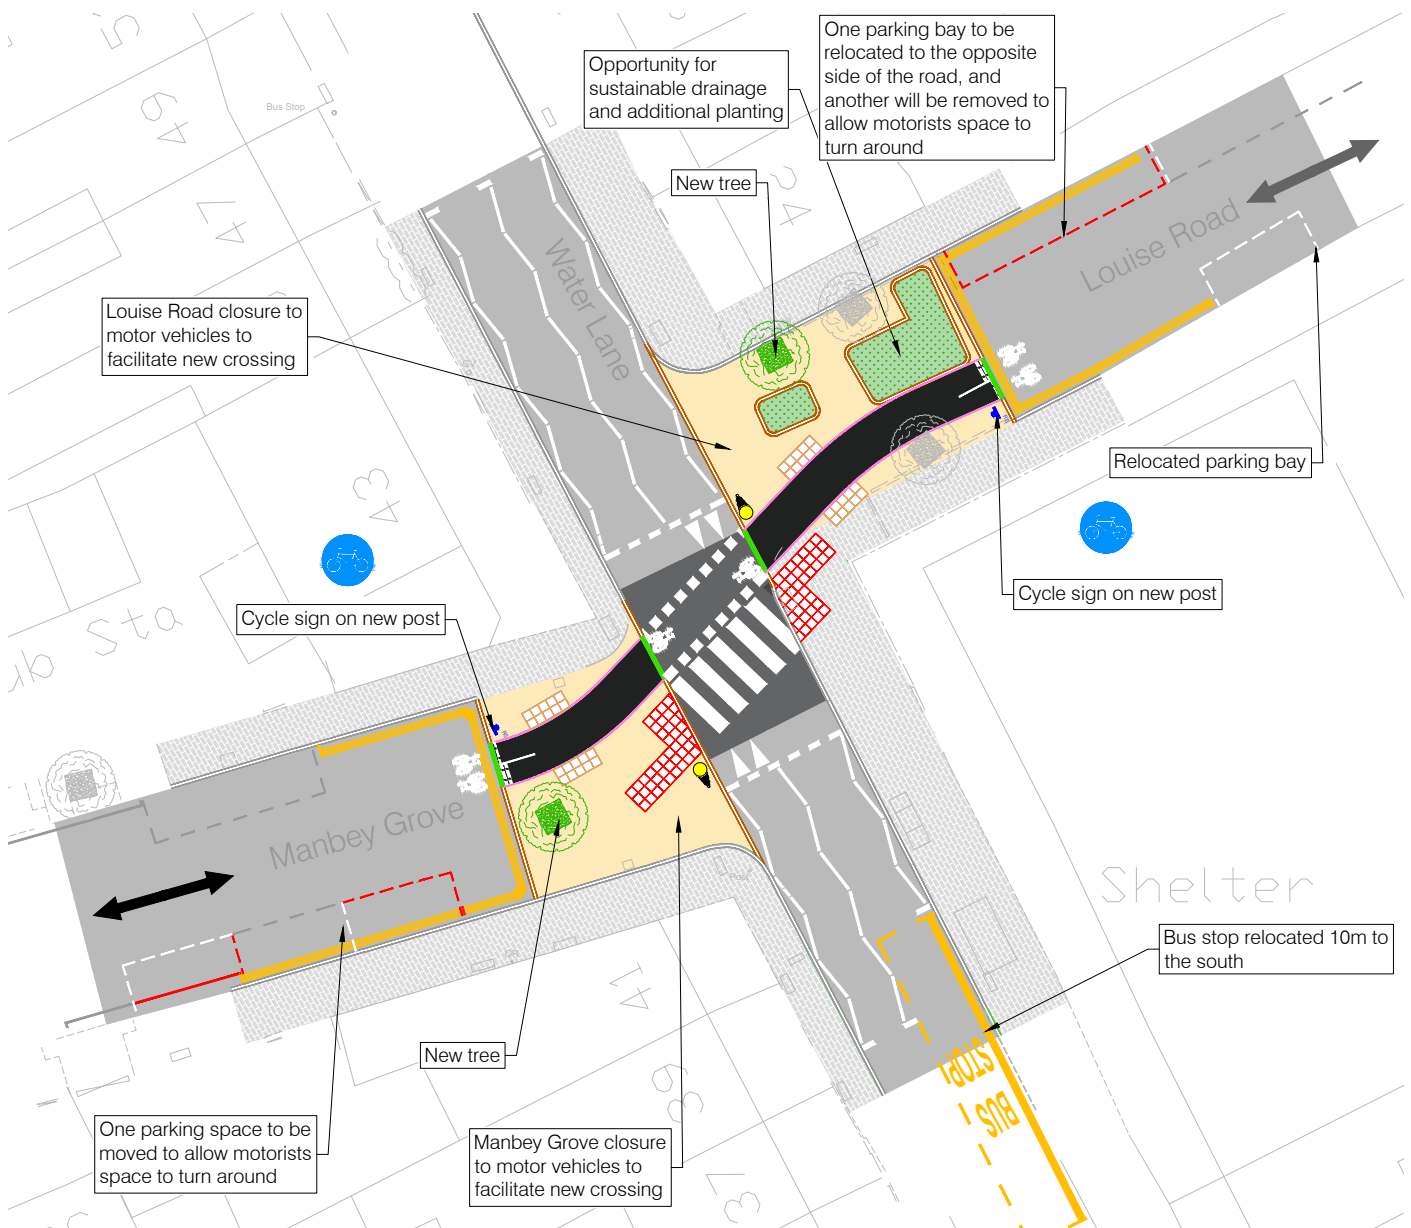

Changes to the junction will also provide opportunities to plant trees and introduce rain gardens to improve drainage.

## Overview map of proposal and access arrangements

# Water Lane crossing

## Plan of proposal

## Proposed road changes

To create space for the crossing, and prioritise walking, cycling and wheeling, road access connecting Water Lane to Louise Road and Manbey Grove, will be closed to motor vehicles.

This will be achieved using a 'modal filter' which is a traffic management measure used to prevent motor vehicle through traffic while allowing pedestrian and cyclist access.

Motor vehicle access to Water Lane will be maintained via Keogh Road or Manbey Street.

Manbey Grove will become a two-way street. One parking space will be moved a few metres to allow motorists to safely turn around.

On Louise Road, one parking bay will be relocated to the opposite side of the road, and another will be removed. Please see the map above for details.

# Have your say

## Share your feedback

You can read more about the proposal on Water Lane at [www.newham.gov.uk/transport-streets/low-traffic-neighbourhood](http://www.newham.gov.uk/transport-streets/low-traffic-neighbourhood).

To share your feedback, please email [liveableneighbourhoods@newham.gov.uk](mailto:liveableneighbourhoods@newham.gov.uk) or call 020 8430 2000 by **26 November 2023**.

Once the feedback period closes, the responses received will be collated and your comments will be reviewed.
