## Annual CIL rate summary 2024

The Charging Authority is the London Borough of Newham.

The year to which this annual CIL rate summary relates is the calendar year 2024<sup>1</sup>, and is applicable to CIL liable development across the borough.

The London Borough of Newham's CIL charging schedule first came into effect on 1 January 2014.

In order to respond to market conditions, the CIL is subject to an index of inflation. A specific index has been created which must be used by charging authorities. More information on this is available on the [RICS website](#).

Table A below sets out details of the original CIL charging schedule rates from 2014 and the rate that will be charged for CIL liable developments in 2024. The CIL Charging Zones map is included on page 3 of this document.

Appendix 1 sets out the rates from previous years.

**Calculation**

Indexation is applied to the adopted [CIL Newham Charging Schedule](#) rates using the formula set out in CIL Regulation 121C paragraph 2(e)(iii):

$$\frac{R \times I_y}{I_c}$$

Where:        **R** is the relevant CIL rate from the adopted Charging Schedule.  
                  **I<sub>y</sub>** is the index figure for the given calendar year.  
                  **I<sub>c</sub>** is the index figure for the calendar year in which the Charging Schedule took effect.

**2024** Index figure published by [RICS](#):

**I<sub>y</sub>** = **381** for the given calendar year 2024

**I<sub>c</sub>** = **239** the index figure for 2014 (when the charging schedule took effect)

**Interpretation of chargeable amount and Use Classes Order**

The collecting authority refers to and implements the relevant legislation in effect associated with each chargeable development.

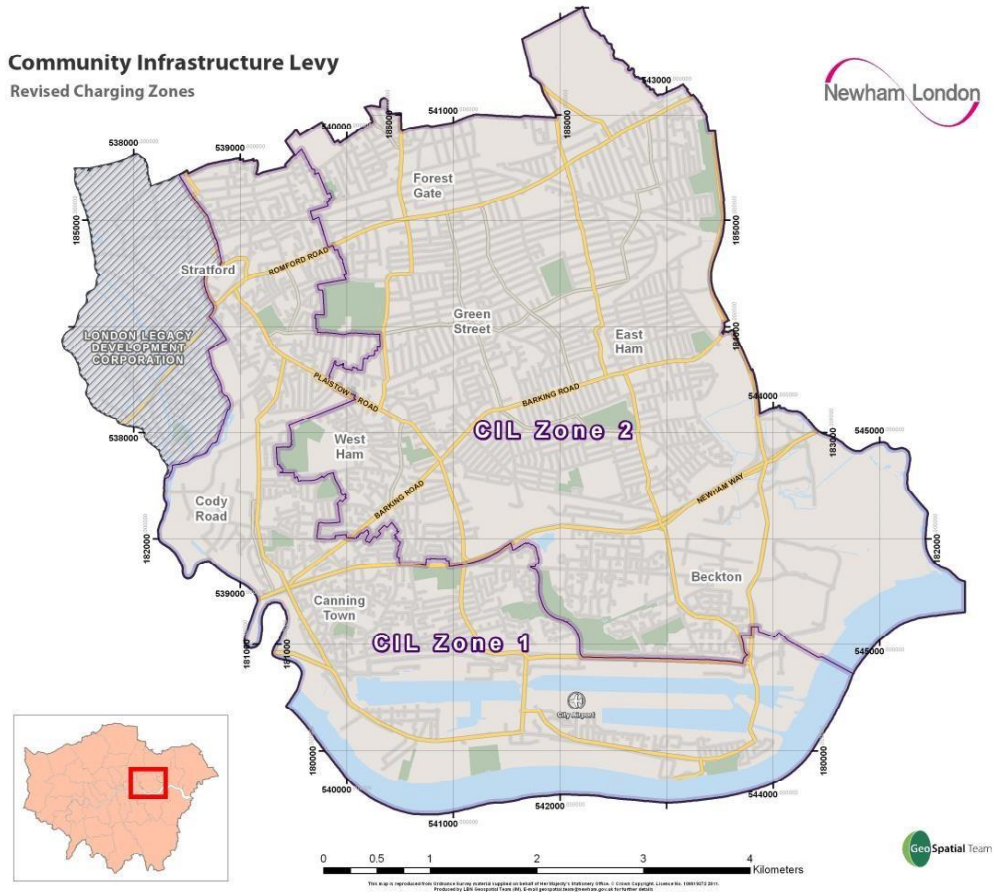

The Town and Country Planning (Use Classes) (Amendment) (England) Regulations 2020 (as amended) introduced Use Classes not identified within the charging authority's 2014 Charging Schedule and therefore the equivalent rates will be applied<sup>1</sup>.

<sup>1</sup> Pursuant to Regulation 4A of the Town and Country Planning (Use Classes) (Amendment) (England) Regulations 2020 (as amended). Further details may also be found in the Government's [Community Infrastructure Levy Guidance](#): 'How do changes to the Use Classes Order affect
