# East Ham Community Assembly

## What's been achieved so far?

- **This community plan** that we've just completed has been the result of over 6-7 months of collaborative effort between local people and the council.
- Since September 2018 a **new culture of participation** is gradually taking root
- By the end of March over **40 assembly events** will have taken place.
- They have demonstrated how local people can discuss and put forward proposals in a **harmonious and constructive** way
- Newham's Assemblies are also giving a voice to – **The Youth, The Deaf Community and Disabled People.**

# East Ham Community Assembly

## What's been achieved so far?

- **The People's Budget Forum** has seen the beginning of bringing local people into helping the council make budget decisions.
- The **Our Streets Transport and Parking** engagement brought the digital democracy platform (Polis) together with Forum events to work on complex issues in a civil and constructive way.
- The council is listening and with the help of residents we can get **better results together**
- So the next round is about **your feedback**. What do you think has been positive? What needs to be improved?

# East Ham Community Assembly

**Feedback Round - What did you think of the whole assemblies process from September to February? What did you like? What could be improved?**

Great to see enforcement team

We were rushed a little bit and round first was not fair

Structure of the assemblies are great

I would prefer that people speak English

This is a process that i hope will grow and improve

The process brings community together by working on issues

More reporting of what was said in the Newham Mag

We heard about it in the newham mag

Men make the place look untidy lets get rid of the men

very commendable for children services budget but not investment on adult and older people

# East Ham Community Assembly

**Feedback Round - What did you think of the whole assemblies process from September to February? What did you like? What could be improved?**

I found out from a lady when i was shopping

More support at the assembly for people with English requirements

I was originally sceptical but it has been very good

I regret that i didn't know about the previous assemblies and that i missed them

Things do not feel connected and I feel that it could be better in terms of connecting things the borough does a lot and how do you stop people riding bikes on pavements and littering - there feels like a air of depression

Enjoyed the experince

A great idea

It is difficult for people with ESOL needs to understand process, it is very fast and a lot to take in

It wasn't clear that we could just turn up

More people need to get involved

The publicity wasn't clear, until I spoke to Anna I didn't understand what we were doing at the assembly

Lack of services for older people

# East Ham Community Assembly

**Feedback Round - What did you think of the whole assemblies process from September to February? What did you like? What could be improved?**

Has been to a couple of citizen assemblies - its a bit loud but I was encouraged to come - I was unable to attend others so I made a special effort to come to this one

Good process and you know what's on

Too much of council officers talking

It is very echoy, sort that out

Interesting and learnt quite a lot

Process was over filtered

Assemblis have been positive

Acoustics not good at townhall

Incredible, exciting, Well convened, diverse

We live in other areas but would like to have a say on Eastham as I spend time in this area

Very good
