Learning Disability Action Plan Delivery Board

The Board met on 2 August 2024.

We had a presentation on a report called *the Health Needs Assessment for Learning Disability Services*.

This was a report from the North East London ICB (Integrated Care Board). It buys all of the health care and some of the social care in East London (Newham, Tower Hamlets and Hackney). They wanted to know more about how people access care and what is happening in their lives.

Here is a [link to the report](#) in Easy Read.

They will come to the December meeting to talk about it.

Learning Disability and Autism Joint Planning Group
