

# Waiting Well and Safe - Information for Residents & Carers

This leaflet is a **guide to what happens next after you contact Newham Council's Adult Social Care Service.**

This leaflet also provides information about services that anyone can access. These services may meet all your needs, or they may offer support whilst you are waiting to hear from the Council. This could be if you are someone who needs care and support, or if you are caring for someone.

### Who is this information for?

You will find this information useful if you:

- Are waiting for input from Adult Social Care. For example, a social care needs, a carer's assessment or an occupational therapy assessment
- Are waiting for adult social care services to start after a needs or carer's assessment
- Have a change in your needs, and have requested a review
- Experience a change in your physical and/or mental health and want to understand what local support is available, and what that may cost.

### Points of contact

## What to expect from Adult Social Care?

We work hard to keep waiting times to a minimum. Wherever possible we try to complete new needs assessments and carer needs assessments within 30 working days.

We may be able to provide you with information and advice, including other services to maintain or improve your independence, or that will support you in your caring role.

You may be offered support that does not require an assessment and meets your needs.

For example, you may be offered alternative help through community organisations.

We use **strengths-based practice** which means that we will look at solutions with you, other than the provision of care and support, which might help you to achieve the outcomes that you want. This could mean support from within your own networks, your community or through technology and equipment.

If you do require an assessment to help you live well this will be arranged.

## Carers

If you are regularly helping to look after someone – for example, you're cleaning regularly, helping someone move around indoors or outdoors, or supporting with their personal needs, you can find information on your rights and support available on our [Newham Carers web pages](#).

## Support for carers

[Newham Carers Community \(NCC\)](#) provides support to carers and young carers across the borough of Newham. They offer free and confidential advice, information, activities and support to unpaid carers living or caring for someone living in Newham.

NCC can be contacted on **020 3954 314**

or email:  
[info@newhamcarerscommunity.org.uk](mailto:info@newhamcarerscommunity.org.uk)

You may also be eligible for a Carers Assessment to determine your needs as a carer.

## What information we will need when we speak to you?

We will want to understand your situation and what you think you need to be well and as independent as possible. We will work with you to understand what is important for you, what you want to be able to do and what help you need to do this.

If you feel able, you can complete a [self-assessment](#) online. This template guides you through the assessment questions we would ask you in a conversation.

## Questions to help you prepare for a needs assessment:

- What health conditions do you have and how do they affect you?
- What can you do for yourself?
- Who gives you the support and friendship to help you do the things that you want?
- How often do you need support?
- What would you like to be different or better?
- What is stopping you from getting there?
- What living arrangements would help you maximise your wellbeing and independence?

## Questions to help you prepare for a carer's assessment:

- What activities do you help the person you care for with?
- How many hours a week do you provide care?
- Do you have help during the day or night, or both?
- Does the person you care for have any health problems you find hard to deal with?
- Do you have any health problems? If so, are they made worse by your caring role?
- Do you work? If so, for how many hours a week?
- What would make working / caring easier for you?
- What would you most like to change about your situation?

## Support for your assessment

You have the right to have someone with you who knows you well, like a carer or a family member. They can help you share your thoughts, wishes and feelings. If you don't have anyone, you can access an Independent Advocate. They can join you for your assessment visit and help you understand your rights and make sure you are listened to. Advocates do not work for the Council.

Advocacy services in Newham are provided by Voiceability, who can be contacted on 0300 303 1660 or email [helpline@voiceability.org](mailto:helpline@voiceability.org) or via their website at [www.voiceability.org](http://www.voiceability.org)
